OverviewTime and again, Avon's five values and guiding principles have served as sources of strength for the company and still do today. Trust means we want to live and work in an environment where communications are open-where people feel free to take risks, to share their points of view and to speak the truth as they see it. Trust people to do the right thing-and help them to understand your underlying reasoning and philosophy-and they won't disappoint. Respect helps us to value differences, to app
