Santa Barbara, CA, 93103

Phone: 18056369382

Overview I am dedicated to making your ceremony everything you want. I work closely with the bride/groom to ensure the ceremony they choose says what is most important to them and runs as smoothly as possible. I allow the bride and groom to select a pre written ceremony or to create one of their own. I have a very flexible schedule and can accommodate just about any ones needs. I look forward to working with you on your very special day.
