Phone: 15035120672

Overview I started my business in 2009 after moving on from a position in the workforce handling computers. I attended Everest College and received my diploma in Computer Operations and have been further studying for more various certifications in the field. I have been dealing with computers since early 2004 staying up late at night as I would receive error messages while doing various activities on the computer. I became so intrigued with troubleshooting computer problems. As I became better at figu
