**Overview** Located on the corner of 19th and Eye street Chef's Choice takes over the location formerly occupied by Capistrano's and a 50s diner. The restaurant it self is cavernous with a large main dinning room and a second and even larger banquet room with a bar and stage, where they will hopefully begin to have karaoke. The owner and staff are incredibly friendly and helpful and service is usually very quick. The main room can get busy for lunch and dinner so a reservation might be helpful, but take
