OverviewI have lived in McHenry County for 16 years, having grown up in Woodstock, Illinois. After graduating high school in 2003, I served for 10 years as a staff sergeant for several engineering units in the U.S. Army. My tenure in the military taught me a lot about professionalism, leadership and integrity. Now that I am in the private sector as a real estate agent I plan to serve my clients with that same dedication and passion.
