OverviewAt CW Jewelry Place, we design and create beautiful fashion jewelry. In addition to that, we focus on our jewelry clasps (closures). We try to make it easier for women to put their jewelry on and take it off without the help of others. That is why we use certain kinds of clasps on our various pieces of jewelry (i.e. necklaces and bracelets) such as; toggle clasps, lobster claw clasps with a larger ring, magnetic clasps and stretch string. Our jewelry is beautiful and practical too.
