OverviewBalance In Life Massage is significant to me because The Lord has always installed in me the duty, heart, and commitment of being a help to all those whom surround me. Balance In Life is the trademark of Supernatural Healing by Loving Hands. In life there will be stumbles, as well as emotional and mental strongholds. However love is forever. Therefore it is my mission to love, and love shall transfer throughout the surface of my hands through Him and His glorious power. Balance In
