Overview I do mostly flooring installations; sheet vinyl, the new luxury vinyls, ceramic tile, carpet, laminate, hardwood (I do not finish or re-finish hardwood floors). I work alone so the size of jobs can be an issue unless there are no time limitations. I also do some repair work: patching vinyl flooring, re-stretching carpet, replacing boards in hardwood flooring (pre-finished only) ; some handyman work, small drywall jobs/repairs, small painting jobs. Estimates are free and I am fully insured.
