

Elijahs House Treatment Center

1617 Asbury Drive, Pasadena, CA, 91104

Phone: 18775574477

A highly individualized treatment plan with clearly defined goals is created for each client. Co-occurring addictive behaviors and mental health issues are specifically addressed, Treatment will include individual and group psychotherapy sessions where clients have an opportunity to learn about themselves and the disease of addiction. Our individualized treatment methods help each person discover the underlying causes that drive the addictive behavior.
