OverviewFABRICLEAN: CARPET CLEANING Is Always a controversial subject. Every cleaner insists his method and techniques are the best....so what makes Fabriclean's process special or different? May we recommend that you take our over 35 years of experience and decide for yourself. We have used nearly every method invented for cleaning carpets and for many years stuck with powerful truck-mounted steam cleaning units. In 1993 we discovered a process manufactured by a small, quiet company whose distributo
