OverviewEvolving for a simpler tomorrow Global Evolution is a company based out of the Las Vegas area. It's aim is to evolve towards a simpler, more resourceful way of life. We opened our doors in 2016 managing and fixing Las Vegas one house at a time. Now, we are proud to introduce phase two. With the sale of ALL Hemp made and organic products, we will be donating 2% to charities off of net profit. As we grow with the years, we will expand for a global market, and promote an eco

friendly way of life
