Overview We have a gorgeous litter of home raised, AKC purebred puppies. They're intelligent and incredibly handsome. I have pictures of the mother and the father, and DNA is on file for father. The puppies have their first set of shots, exam with a certified veterinarian, and guarantee of any genetic abnormalities. There are already 3 awaiting their homes, but there are 6 boys and 2 girls available. They are going to be 7 weeks. Price with papers and one month of free vet insurance is
