Overview Asphalt & asphalt products are available for sale in San Antonio. Asphalt, also known as bitumen, is dark or black in colour, sticky and highly viscous. This is found in crude petroleum, as well as natural deposits. Asphalt and asphalt products are mainly used in road construction, as a part of asphalt concrete. The material acts as a binder. Specifications for the strength and type of binder may vary with the intended use.

Address MB Industrial Asphalt is located in Alvarado, TX, 76009
