OverviewNORRISTOWN. Walk the very same streets that Abraham Lincoln, Mark Twain and Daniel Webster did. Discover the landmarks that are part of Norristown's long growth: the famed courthouse, master work of Napoleon LeBrun, designer of Philadelphia's Academy of Music; the authentic Tiffany-stained glass in the St. George Coptic Orthodox church; the obelisk that honors David Rittenhouse- a pioneering inventor, astronomer and surveyor so revered he was called the American Newton. Enjoy the vibrant WPA
