OverviewEveryday is different for me. I have been styling hair for over 27 years. I specialize in healthy hair. As a stylist, I enjoy cutting, relaxing, natural hair and coloring. I believe that the client and stylist are a team in creating healthy hair. In my work my clients get the knowledge they need to take care their hair at home. In care for hair, I want my clients to feel pampered and relaxed, knowing their hair care needs are taken care of from start to finish.
