OverviewLawn services can be hired in Irmo. Maintaining a lawn takes quite a bit of work, especially if you want it to look green and well-maintained. You have to ensure the grounds are well-watered on a regular basis, weeded as and when needed, as well as planting flowering and non-flowering plants, adding manure, sod, mulch and turning the soil during and after planting. All of this is hard work, especially if the grounds are large (the lawn can be either attached to a residence or a commercial pro
