Overview I currently live in Englewood Fl. I am young and have a lot of energy so I can keep up with your furry pets! I first started pet sitting up in Orlando when I was unable to financially own a pet of my own. I was going through major pet withdrawals. Being able to help people by petsitting was a fantastic way to curb my animal withdrawals. In February I moved back to my home town and am finally reunited with cat Luna. My pet sitting business took off and I have a lot of experience with overnight
