

TFS Design

Somerville, MA, 02145

Phone: 16172837096

OverviewTFS Design was established in 1999. Our growth and success as a company is based on building relationships with our clients, in addition to building tension fabric structures. From your initial consultation to the delivery of your finished pieces, our commitment to quality is proven every step of the way.

Effective communication is the key to making your project a success. We understand your requirements because we've already been involved in some of your best tension fabric projects. We keep
