Phone: 16093569439

OverviewI am looking for people who believe any american with the safety and prosperity of America in mind can be president. I need people who believe in my message to help me. Help me get my word out, help me get my campaign to the next level. Let Middle class America rise up, and show elitist politicians that this is still a country led by candidates from the people, for the people, and by the people. Thank you in advance for any help you may give. Please use the last page in this site to leave you
