Overview With 100% of our employees returning to work in 2011, and 80% of them returning to work in 2012, this summer is looking great for us and our customers. Employee retention is something we pride ourselves on. This allows us to work in the most efficient manner to complete our work on your yard with a quality cut and as little disruption as possible to you and your family or business. All our employees are willing and able to discuss your needs or changes to the way you wish to have things done
