OverviewProfile: A barber shampoos, cuts and styles hair, usually for male clients. He or she may shave beards and perform facials. Some states also allow barbers to apply color and bleach and use chemicals to straighten or curl hair. If you want to become a barber, you will have to attend a barber training program and get a license. In some states, you can get a barbering license by completing cosmetology school, and some states combine the two licenses. Services: Cut Beard Coloring
