OverviewnSpire by Wilson is a brand new company which just launched in March 2017. This is a Woman's Awareness Movement to help women know that now they do have a choice in which sanitary protection they use. For years we have had to buy what was available in the USA but soon we will have a new product called CHERISH available in the USA that promote's a healthier alternative. We do not make any claims that it cures anything but the American Cancer Research Institute has partnered with us to help pro
