Our custom woodworks offerings extend far beyond specific rooms and designs as well. From new windows and doors to decorative trim and millwork, we can provide just about any woodworks you dream up for your home. Don't trust an unreliable handyman or carpenter with your important work. Even if the touch-ups you need are small, we'll give them every bit of the attention that they require. 36,Kirkham Pl,Glenbrook-Belltown, Stamford, CT, 06906,USAinfo@plagawoodworks.com
